Building Europe's Future Together

On 17 January 2017, the EPP Group assumed the Presidency of the European Parliament. Antonio Tajani's election as President demonstrates that the EPP Group is the stable anchor of the European Parliament and the force with whom partnerships can be built. Consolidating our position as the most powerful political force, the EPP Group guarantees the stability of the European Parliament. We will continue to bring results for European citizens.

At the mid-way point of the 2014-2019 legislative term, the EPP Group is working hard to address the parallel challenges faced by the EU. We remain united in providing vision and commitment to protect the core European values of democracy, freedom, tolerance and the rule of law.

March 2017 marked the 60th anniversary of the Treaty of Rome, presenting an opportunity to reaffirm our commitment to a stronger Union based on the set of shared values, ideas and hopes of the Founding Fathers. Building on our Priorities and Reform Agenda for Europe, the EPP Group is concentrating its efforts to secure an effective migration policy, develop a functioning Defence Union and Energy Union, strengthen the governance of the Eurozone and create growth and jobs for citizens. The EPP Group also reaffirms its commitment to the Social Market Economy; a more social Europe is necessary to ensure a productive and prosperous continent.

The EPP Group is the political group of solutions. We reject populism and believe in the immense potential of Europe. We will work with both determination and responsibility in the remainder of this parliamentary term and beyond to represent and protect the interests of European citizens.

A handwritten signature in black ink, which appears to be 'Manfred Weber'. The signature is stylized and cursive, with a large initial 'M'.

Manfred Weber,
Chairman of the EPP Group
in the European Parliament

The EPP Group Structure

The EPP Group Leadership

The EPP Group, with its 219 Members from 28 EU Member States, is the largest group in the European Parliament. The 34 German Members form the largest national delegation while Cyprus, Denmark and Estonia provide one Member each.

The Christian-Democratic Group was founded on 23 June 1953 for the purposes of cooperation within the Common Assembly of the European Coal and Steel Community. The Group changed its name to the EPP Group in July 1979 immediately after the first direct elections to the European Parliament. At the constituent meeting after the 1999 European Elections, the name was changed to the Group of the European People's Party (Christian Democrats) and European Democrats, which is abbreviated to EPP-ED.

Ten years later, after the 2009 European Elections, the Group again assumed the name it held for most of its history and is now called the EPP Group.

The EPP Group Presidency

Manfred Weber presides over the Group in his capacity as Chairman. He is assisted by ten Vice-Chairs who have different areas of responsibility within the framework of the Group's activities. The areas of responsibility of each Vice-Chairperson are set out below.

The Presidency meets at regular intervals with the Heads of National Delegations to discuss key guidelines and to prepare decisions of major importance for the Group's strategy.

The EPP Group Bureau

The Bureau is responsible for strategic and political decisions. It comprises: the Members of the Presidency, the Heads of National Delegations; the President, the Vice-Presidents and the Quaestors of the European Parliament belonging to the Group; the Chairs of the Parliament's standing committees belonging to the Group; the Coordinator within each of the standing committees, the Chairman and the Secretary-General of the European People's Party are Members of the Group's Bureau if they are also Members of the European Parliament; and one co-opted Member for every 10 Members of a national delegation.
